Joliet, IL

Fence permit planning sheet

REVIEWED OCTOBER 24, 2026 / CITY JURISDICTION ONLY

The starting point

Mark the fence on an accurate survey and complete the application with height, material and total work value. The registered contractor applies for hired work with the contract. Use the current email or permit drop-box instructions; follow electronic review if assigned. Resolve comments, pay the invoice and notify Building of payment. Obtain issued approval before work and follow inspections. Confirm yard, visibility, easement and special-site conditions separately.

Before work starts

- [ ] Confirm incorporated Joliet jurisdiction, zoning, actual lot lines and any special zoning or historic condition.
- [ ] Mark every proposed fence and gate run on the property's accurate plat of survey with height, material and dimensions.
- [ ] Check required front/corner yards, visibility, landscape/shared-driveway exclusions, easements and utility access with Planning.
- [ ] Identify pool, retaining, powered-gate, floodway or detention functions and obtain the applicable additional review before work.
- [ ] Have the contractor apply for contracted work with the contract and required registration; confirm the actual fees and any assigned electronic-review route.
- [ ] Notify Building after payment, obtain issued approval, arrange JULIE before digging and follow required inspections and completion instructions.

Not a permit, property survey, engineering plan or legal determination.

Confirm current rules, site conditions and required approvals with the authority.
