FENCE ADVISORS

Lawton, OK

Fence permit planning sheet

REVIEWED OCTOBER 24, 2026 / CITY JURISDICTION ONLY

The starting point

Confirm the current permit determination with Building Division, 580-581-3360. The residential FENCE row requires complete building plan and site plan; the commercial new-post qualifier does not establish a residential exemption. Prepare scope-appropriate drawings, use Civic Access for required applications and confirm fees and issued approvals. Arrange inspection appointments with the division before requesting them online.

Before work starts

- [ ] Confirm City of Lawton jurisdiction, current zoning and actual property lines before applying city guidance.
- [ ] Describe new, replacement or repair work, retained/new posts and any pool, retaining or electrical scope.
- [ ] Ask Building Division for the current permit determination and applicable placement and visibility rules.
- [ ] Prepare the fence-appropriate complete plan and scaled site drawing required for the selected application.
- [ ] Confirm current fees, supporting documents and issued approval through the official Civic Access route.
- [ ] Arrange required inspection appointments with Building Division before online requests and retain final records.

Not a permit, property survey, engineering plan or legal determination.

Confirm current rules, site conditions and required approvals with the authority.
